A MEMORANDUM

DATE:

June 26, 2019

TO:

Academic Deans Council

FROM:

Dr. Dana Pomykal Franz

UCCC Chair

RE:

Change Notice 13

Listed below are curriculum change proposals which have been recommended by the University Committee Courses and Curricula. Under current procedure, members of the Academic Deans Council may question the approval of these proposals at any time prior to 5:00 p.m. on July 11, 2019 by contacting Dr. Dana Pomykal Franz (5-7117) or the office of the Vice President for Academic Affairs (5-3742). If no questions have been raised, the proposals will be considered approved automatically.

1. Course Proposals by college/school

ACADEMIC AFFAIRS

Tech. PAS 6012	Approved	FROM: PAS 5012 The Art of Medicine for the
	Approved	Physician Assistant.
Change		TO: PAS 6012 The Art of Medicine for the
		Physician Assistant. (2). Two hours lecture.
		Introduces students to clinical ethics, health
•		disparities, and cultural competence as they
		influence the practice of medicine. The course
		emphasizes the human factors that affect the
		delivery of culturally appropriate, patient-centered
		health care for patients across the lifespan.
		Method of Instruction: C
		Method of Delivery: F
		Campus: 2
		CIP: 510912
		30 Char: Art of Medicine
		Effective: Summer 2019
TI DAG (012		
Tech. <u>PAS 6013</u>	Approved	FROM: PAS 5013 Introduction to the Physician
Change		Assistant Profession.
		TO: PAS 6013 Introduction to the Physician
		Assistant Profession. (3). Three hours lecture.
		Instructional course designed to introduce the
		entry-level physician assistant student to the unique
		origins, development, practice laws, and workforce
		trends of the profession. This course allows the
		student to develop a thorough understanding of the
		role of the physician assistant.
		Method of Instruction: C
		Method of Delivery: F
		Campus: 2
		CIP: 510912
		30 Char: Intro to the PA Profession
		Effective: Summer 2019
Tark DAG (01)	Ammususd	
Tech. <u>PAS 6016</u>	Approved	FROM: PAS 5016 Human Anatomy and
Change		Physiology for the Physician Assistant.
		TO: PAS 6016 Human Anatomy and
		Physiology for the Physician Assistant. (6). Four
		hours lecture/four hours lab. Instruction in clinical
		gross anatomy and physiology for the physician
		assistant student. The course provides essential
		knowledge of the major anatomical regions,
		structures of the body and the physiologic functions
		related to health and disease.
		Method of Instruction: B
		Method of Delivery: F
		Campus: 2
		CIP: 510912
		30 Char: Human Anatomy Phys PA
1		Effective: Summer 2019

D. 0.1222		Two
Tech. <u>PAS 6022</u>	Approved	FROM: PAS 5022 Clinical Genetics for the
Change		Physician Assistant.
		TO: PAS 6022 Clinical Genetics for the
		Physician Assistant. (2). Two hours lecture.
		Lecture-based course designed to provide the entry-
		level physician assistant student with a basic
		understanding of medical genetics. The course will
		review basic molecular genetics, molecular
		terminology, and inheritance patterns. The student
		will receive instruction in various diagnostic
		techniques associated with medical genetics.
		Method of Instruction: C
		Method of Delivery: F
		Campus: 2
		CIP: 510912
		30 Char: Clinical Genetics
		Effective: Summer 2019
Tech. PAS 6023	Approved	FROM: PAS 5023 Clinical Diagnostic Methods
Change		for the Physician Assistant.
		TO: PAS 6023 Clinical Diagnostic Methods for
		the Physician Assistant. (3). Three hours lecture.
		Lecture course with three components: radiologic
		study ordering and interpretation, ECG
		interpretation, and laboratory study ordering,
		performance, and interpretation. This course
		provides skills in ordering/interpreting lab values
		from chemistry, hematology, immunology,
į		microbiology, parasitology, virology, genetics, and
		mycology testing for use in clinical practice.
		Method of Instruction: C
		Method of Delivery: F
		Campus: 2
		CIP: 510912
		30 Char: Clinical Diagnostic Methods
		Effective: Summer 2019
	<u> </u>	Effective: Summer 2019

Tech. PAS 6026	Approved	FROM: PAS 5026 Patient Assessment for the
Change		Physician Assistant.
Change		TO: PAS 6026 Patient Assessment for the
		Physician Assistant. (6). Four hours lecture/four
		hours lab. Instructs students in the methods of
		performing a history and physical examination.
		Students develop the knowledge and skills essential
		for performing a comprehensive medical history
		and physical examination. The course emphasizes
		patient interviewing, acquiring a medical database,
		and performing a comprehensive physical
		examination.
		Method of Instruction: B
		Method of Delivery: F
		Campus: 2
		CIP: 510912
		30 Char: Patient Assessment
		Effective: Summer 2019
Tech. PAS 6102	Approved	FROM: PAS 5102 Clinical Skills for the
Change	Approved	Physician Assistant.
Change		TO: PAS 6102 Clinical Skills for the Physician
		Assistant. (2). Two hours lecture. Students are
		introduced to common skills used in the clinical
		practice of medicine. This course is designed to
		prepare the student for supervised clinical practice
		by introducing procedures commonly performed in
		the clinical setting.
		Method of Instruction: C
		Method of Delivery: F
		Campus: 2
		CIP: 510912
		30 Char: Clinical Skills for PA
		Effective: Summer 2019
Tech. <u>PAS 6103</u>	Approved	FROM: PAS 5103 Clinical Decision Making for
Change		the Physician Assistant.
		TO: 6103 Clinical Decision Making for the
		Physician Assistant. (3). Three hours lecture.
		Designed to build upon the skills developed Patient
		Assessment. The course will utilize problem-based
		learning techniques, allowing the participant to
		apply the developing skills of critical thinking. The
		course will provide instruction in the development
		of a thorough, patient appropriate, differential
		diagnosis.
		Method of Instruction: C
		Method of Delivery: F
		Campus: 2
		CIP: 510912
		30 Char: Clinical Decision Making
		Effective: Summer 2019
	_	Effective: Summer 2019

Tech. PAS 6104	Approved	FROM: PAS 5104 Pathophysiology for the
Change	_ 	Physician Assistant.
		TO: PAS 6104 Pathophysiology for the
		Physician Assistant. (4). Four hours lecture.
		Introduces the student to human disease processes,
		their origins, mechanisms of action and effects on
		the human body with emphasis on the clinical
		manifestations of the disease process. Students will
		integrate knowledge from Patient Assessment and
		the basic sciences.
		Method of Instruction: C
		Method of Delivery: F
		Campus: 2
		CIP: 510912
		30 Char: Pathophysiology for the PA
		Effective: Summer 2019
Tech. PAS 6107	Approved	FROM: PAS 5107 Clinical Medicine I for the
Change		Physician Assistant.
		TO: PAS 6107 Clinical Medicine I for the
		Physician Assistant. (7). Seven hours lecture.
		Lecture course designed to build upon the skills
		developed in Patient Assessment, Clinical
		Diagnostic Methods, and the basic sciences. This
		course covers the principles of evaluation,
		diagnosis and management of general medical
		conditions in a systems based-approach.
		Method of Instruction: C
		Method of Delivery: F
		Campus: 2
		CIP: 510912
		30 Char: Clinical Medicine I
		Effective: Summer 2019

Tech. PAS 6112 Change	Approved	FROM: PAS 5112 Research Methods I for the Physician Assistant. TO: PAS 6112 Research Methods I for the Physician Assistant. (2). Two hours lecture. Introduction to basic research techniques needed for clinical practice. Students will develop
		proficiency in searching, interpreting, and applying evidence-based research in the clinical setting. Students will be instructed in appropriate tenets of intellectual honesty in the academic and professional setting. Method of Instruction: C Method of Delivery: F
		Campus: 2 CIP: 510912
		30 Char: Research Methods I Effective: Summer 2019
Tech. PAS 6113 Change	Approved	FROM: PAS 5113 Health Promotion and Disease Prevention for the Physician Assistant. TO: PAS 6113 Health Promotion and Disease Prevention for the Physician Assistant. (3). Three hours lecture. Lecture-based, active learning course where the student is given the opportunity to value prevention as a major aspect of healthcare and to develop skills that integrate health promotion/disease prevention into the role of a physician assistant. Method of Instruction: C Method of Delivery: F Campus: 2 CIP: 510912 30 Char: Health Promotion Disease Prev Effective: Summer 2019
Tech. PAS 6202 Change	Approved	FROM: PAS 5202 Research Methods II for the Physician Assistant. TO: PAS 6202 Research Methods II for the Physician Assistant. (2). Two hours lecture. Designed to continue the physician assistant student's proficiency in research. This course will refine skills in literature analysis and the formatting of conclusions for the evidence-based practice of evaluation and management of disease processes. Method of Instruction: C Method of Delivery: F Campus: 2 CIP: 510912 30 Char: Research Methods II Effective: Summer 2019

Tech. PAS 6203 Appr	oved FROM: PAS 5203 Clinical Practice Issues for
Change TAS 0205 Appr	the Physician Assistant.
Change	TO: PAS 6203 Clinical Practice Issues for the
	Physician Assistant. (3). Three hours lecture. The
	course instructs students in advanced clinical
	practice issues affecting the physician assistant
	profession. Topics include billing and coding, the
	Medicare/ Medicaid system, credentialing, clinical
	professionalism, prescriptive rights,
	interdisciplinary health care practice and
	state/national licensure and certification.
