

A MEMORANDUM

DATE: July 20, 2023
TO: Academic Deans Council
FROM: Dr. Andy Perkins
UCCC Chair
RE: Change Notice 17

Listed below are curriculum change proposals which have been recommended by the University Committee Courses and Curricula. Under current procedure, members of the Academic Deans Council may question the approval of these proposals at any time prior to 5:00 p.m. on August 2, 2023 by contacting Dr. Andy Perkins (5-0004) or the office of the Vice President for Academic Affairs (5-3742). If no questions have been raised, the proposals will be considered approved automatically.

Provost & Executive
Vice President

JUL 25 2023

RECEIVED
DOC# 45534

1. Program Proposals by college/school:

Due to the changes to the Math Gen Ed (Change Notice 2, 2022-2023, effective Fall 2023), which renamed Mathematics and Statistics to Quantitative Reasoning, reduced it from 6-9 hours to 3 hours, and removed MA 1313 College Algebra from the Gen Ed, programs were asked by the Director of Academic Quality to submit forms designating how the degree program would handle the reduction of 3 hours. Options included:

- “No Action-Degree Program already requires math courses beyond College Algebra, so no change (i.e., Math Education requires 12 math courses beginning with Cal 1) or College Algebra is important to the degree”
- “3 hours-free electives”
- “3 hours-to select from CO 1003 Fundamentals of Public Speaking or CO 1013 Intro to Communication”
- “3-hours-removed from degree program”
- “We will be submitting a full program modification to be effective Fall 2023”

Any program not listed below submitted a degree modification through UCCC.

AGRICULTURE AND LIFE SCIENCES

General Education Mathematic Modification Notice	Degree: BS Major: Human Development and Family Science	Approved	Three hours free electives. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BS Major: Fashion Design and Merchandising	Approved	Three hours free electives. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BS Major: Agricultural Education, Leadership, and Communication	Approved	Three hours free electives. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BS Major: Agricultural Science	Approved	Three hours free electives. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BS Major: Agronomy	Approved	Submitted a full program modification, effective Fall 2023 on Change Notice 14 (2022-2023).
General Education Mathematic Modification Notice	Degree: BS Major: Horticulture	Approved	Submitted a full program modification, effective Fall 2023 on Change Notice 10 (2022-2023).
General Education Mathematic Modification Notice	Degree: BS Major: Food Science, Nutrition, and Health Promotion Concentrations: Food Processing/Business	Approved	No action needed. Effective: Fall 2023

General Education Mathematic Modification Notice	Degree: BS Major: Food Science, Nutrition, and Health Promotion Concentrations: Food and Nutrition	Approved	Three hours free electives. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BS Major: Food Science, Nutrition, and Health Promotion Concentrations: Food Science	Approved	No action needed. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BS Major: Culinary	Approved	No action needed. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BS Major: Food Science, Nutrition, and Health Promotion Concentrations: Food Safety	Approved	No action needed. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BS Major: Food Science, Nutrition, and Health Promotion Concentrations: Pre-Health Professions	Approved	No action needed. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BS Major: Landscape Contracting and Management	Approved	Three hours free electives. Effective: Fall 2023

ARTS AND SCIENCES

General Education Mathematic Modification Notice	Degree: BA Major: Anthropology	Approved	Submitted a full program modification, effective Fall 2023 on Change Notice 11 (2022- 2023).
General Education Mathematic Modification Notice	Degree: BAT Major: Healthcare Services	Approved	No action needed. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BS Major: Medical Technology	Approved	No action needed. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BA Major: Chemistry	Approved	No action needed. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BA Major: Foreign Language	Approved	Three hours removed from degree program. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BA Major: Economics	Approved	No action needed. Effective: Fall 2023

General Education Mathematic Modification Notice	Degree: BS Major: General Science	Approved	Three hours removed from degree program. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BA Major: History	Approved	No action needed. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BA Major: General Liberal Arts	Approved	Three hours removed from degree program. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BS Major: Physics	Approved	No action needed. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BS Major: Psychology	Approved	Three hours removed from degree program. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BA Major: Criminology	Approved	Submitted a full program modification, effective Fall 2023 on Change Notice 11 (2022-2023).
General Education Mathematic Modification Notice	Degree: BAT Major: Event and Hospitality Services	Approved	No action needed. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BS Major: Biological Sciences	Approved	No action needed. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BS Major: Microbiology	Approved	No action needed. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BS Major: Chemistry	Approved	No action needed. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BA Major: Communication	Approved	Three hours removed from degree program. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BA Major: English	Approved	Three hours free electives. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BS Major: Geoscience	Approved	Submitted a full program modification, effective Fall 2023 on Change Notice 10 (2022-2023).
General Education Mathematic Modification Notice	Degree: BS Major: Interdisciplinary Studies	Approved	Submitted full program modification, effective Fall 2023 on Change Notice 11 (2022-2023).

General Education Mathematic Modification Notice	Degree: BA Major: Philosophy	Approved	Three hours free electives. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BA Major: Political Science	Approved	Three hours removed from degree program. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BA Major: Sociology	Approved	Submitted a full program modification, effective Fall 2023 on Change Notice 11 (2022- 2023).
General Education Mathematic Modification Notice	Degree: BSW Major: Social Work	Approved	Submitted a full program modification, effective Fall 2023 on Change Notice 14 (2022- 2023).
General Education Mathematic Modification Notice	Degree: BA Major: Psychology	Approved	Move College Algebra to major core. Effective: Fall 2023

BUSINESS

General Education Mathematic Modification Notice	Degree: BBA Major: Finance	Approved	No action needed. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BBA Major: Business Economics	Approved	No action needed. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BBA Major: Management	Approved	No action needed. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BBA Major: Business Administration	Approved	No action needed indicated on form but submitted a full program modification effective Fall 2023 on Change Notice 14 (2022-2023) which did not alter math requirements. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BACC Major: Accounting	Approved	No action needed indicated on form but submitted a full program modification effective Fall 2023 on Change Notice 14 (2022-2023) which did not alter math requirements. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BBA Major: Business Information Systems	Approved	No action needed. Effective: Fall 2023

General Education Mathematic Modification Notice	Degree: BBA Major: Marketing	Approved	No action needed. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BBA Major: Supply Chain Logistics	Approved	No action needed indicated on form but submitted a full program modification effective Fall 2023 on Change Notice 14 (2022-2023) which did not alter math requirements. Effective: Fall 2023

EDUCATION

General Education Mathematic Modification Notice	Degree: BS Major: Special Education	Approved	No action needed. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BS Major: Elementary Education Concentration: Early Childhood; Middle Level	Approved	No action needed. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BS Major: Secondary Education Concentration: Social Studies; Biology; Chemistry; Physics; and Math	Approved	No action needed. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BS Major: Educational Psychology	n/a	Indicated on the form a full program modification effective Fall 2023 would be submitted. A program modification was not submitted. Program will stay under their current program until a program modification is submitted and approved.
General Education Mathematic Modification Notice	Degree: BS Major: Information Technology Services	Approved	Three hours free electives. Effective: Fall 2023

ENGINEERING

The General Education Mathematic Modification Notice was not necessary for the Engineering programs because all majors start with MA 1713 Calculus I.

FOREST RESOURCES

General Education Mathematic Modification Notice	Degree: BS Major: Wildlife, Fisheries and Aquaculture Concentrations: Conservation Law Enforcement	Approved	No action needed. Effective: Fall 2023
General Education Mathematic Modification Notice	Degree: BS Major: Sustainable Bioproducts Concentration: Science and Business	Approved	Three hours removed from degree program. Effective: Fall 2023

All of the proposals were approved with the exception of the following:

From: Bailey Owens Poindexter
Student Services Coordinator

Re: General Education Mathematics Modification

The School of Human Sciences wishes to move forward with modifying our degree programs to accommodate the general education mathematics modification by moving three hours into free electives throughout the School, as our degree programs all require a math course beyond College Algebra.

Our undergraduate degree programs and concentrations include the following:

- Human Development and Family Science – Child Development, Child Life, Youth Development, Family Science, and Family and Consumer Sciences Teacher Education concentrations
- Fashion Design and Merchandising – Merchandising and Design and Product Development concentrations
- Agricultural Education, Leadership, and Communication – Education, Leadership, and Communication concentrations
- Agricultural Science

General Science

Modification to General Education Math Requirement

The General Science degree program currently requires 6 hours in math: 3 hours of MA 1313 College Algebra *or* MA 1103 College Algebra Corequisite Model *or* MA 1213 Math in Your World plus 3 hours of a higher math.

With the Fall 2023 changes to the university's General Education requirements, the decision has been made to modify the General Science degree in the following ways:

- Reduce the math requirement to 3 hours on A&S core, which will be modified to remove MA 1313 College Algebra, MA 1103 College Algebra Corequisite Model, and MA 1213 Math in Your World
- Reduce the total hours required for the General Science degree from 124 to 121

The decision to reduce the math and total hours requirement was based on the following:

- The total enrollment in General Science over the last two years is 10 students.
- Of those 10 students, only 1 entered the major at the time of admission to MSU.
- Of those 10 students, 9 completed the entire math requirement before entering the major.
- Of those 10 students, 5 were eligible to immediately enter a higher math course.
- Of the 5 students who did not have the ACT-M score to immediately enter a higher math course, 4 completed at least two higher-level math courses beyond College Algebra before they became a General Science major. Courses taken were Trigonometry, Statistics, Calculus I, Business Calculus I, and Calculus II. (Students who bypassed College Algebra had also taken these courses as well as Foundations of Math and Statistical Inference.)

Given all of the above, reducing the math requirement and total hours requirement for General Science students is the best course of action. For students who have the necessary ACT-M score to immediately enter a higher math, reducing the total hours for the degree is the most logical, efficient choice. Students who need to take College Algebra as a prerequisite for a higher math will still be able to count it toward their free elective hours.

August 2nd, 2023

Beginning Fall 2023, the university general education math requirement is changing from 6 hours of math to 3 hours of a math higher than college algebra. Thus, we propose to modify the current Bachelor of Arts in General Liberal Arts degree to reflect the update to the university gen ed math requirement. To accommodate this change, the total required degree hours will also be reduced from 124 hours to 121 total hours required for the degree.

RE: Change to B.A. in English due to General Education Mathematics Modification

DATE: November 7, 2022

On November 4, the Department of English Curriculum Committee discussed the options available in response to the General Education Mathematics Modification. The vote was unanimous in favor of choosing option 2: transfer three hours to the free electives category.

Members of the committee:

Interdisciplinary Studies

General Education Mathematics Modification

With the current change to IHL Mathematics, it is best that we remove two hours from the degree program. With the uniqueness of Interdisciplinary Studies, students typically enter the major with the math requirement complete. Interdisciplinary Studies' majors study a wide range of courses. Therefore, it is wise to make effective use of the student's time. In the case that a student must take College Algebra, these hours can be used in the free elective area.
